

Dear fellow islander,

I thought I had sent you all my last Shaw Inc letter!!

Hopefully you have received your 2005-2006 directory by now. And hopefully I did not make too many mistakes, although I already know that your new president's email address has changed and I did not change it in the directory. The correct one if you wish to note it is williew@rockisland.com. If you have changes or corrections for the next directory, please contact Cy Field cyfield@rockisland.com.

Most importantly, when the resource information was updated this year from what I had written last year, incorrect information was added about the **Shaw sub-area plan**. When I proof-read the changes that had been made, I failed to notice this. The Shaw sub-area plan does **NOT**, I repeat **does NOT**, prohibit retail business on Shaw. The sub-area plan addresses only three things - commercial marinas, restaurants and transient accommodation. No mention is made about retail business.

There has been so much confusion and misunderstanding about the sub-area plan, I feel particularly badly about the resource information published by Shaw Islanders Inc. contributing to the misinformation. Hope this will help clear it up. Sorry!

Sincerely,

Carole
